ABOUT THE REBUILD TEXAS FUND

The Rebuild Texas Fund, a collaborative project of the Michael & Susan Dell Foundation and the OneStar Foundation, raised **$100 million** to support rebuilding efforts in communities shattered by Hurricane Harvey in August 2017. A TEXAS-SIZED RESPONSE

Thanks to your support, the inaugural year for Rebuild Texas Fund has been an extraordinary one. The bold idea for the fund was born while the rain from Hurricane Harvey was still falling. The goal was ambitious: to channel the incredible outpouring of generosity from around the country and provide the resources and energy required to quickly get our neighbors on the path back to normalcy. These donated resources are at work accelerating local rebuilding and revitalization efforts and supporting thousands of Texas families and communities.
